

ARE YOU READY FOR THE NEW

# TEXAS ? TWO STEP

THIS STARTER KIT IS TO INTRODUCE YOU TO THE TEXAS DEPARTMENT OF MOTOR VEHICLES' (TXDMV) "TWO STEPS, ONE STICKER" INITIATIVE.

"Two Steps, One Sticker" is a joint effort of the TxDMV, the Texas Department of Public Safety and the Texas Commission on Environmental Quality. The "Two Steps, One Sticker" campaign is designed ensure an easy and successful transition into the state's new system of registration-based enforcement of inspection beginning on March 1, 2015.

This starter kit contains a sample of the items for you to use to help your customers understand the new system.

## THE KIT CONTAINS:

- Texas Two Step posters
- Bumper stickers
- "Two Steps, One Sticker" push cards
- "Misstep" push cards
- "Two Steps, One Sticker" Guide for Motor Carriers
- Apply to be a Texan brochures
- "Two Steps, One Sticker" tissue sleeves
- Brochure stand(s)

The public education campaign has begun! Most of the resources contained in this kit may be displayed right away. However, you are encouraged to take some time to familiarize yourself with these resources prior to sharing them with your customers. For many motorists, the county tax office is their first point of contact so we want to ensure that all TxDMV and county personnel are prepared to address the public's questions.

The "Misstep" push card will only be needed once the new system goes into effect on March 1, 2015. This push card is intended to help motorists whose inspection cannot be verified at the time of registration. You may provide this card to customers to explain what they must do in order to complete their registration.

"Two Steps, One Sticker" is a huge undertaking for the TxDMV as this process affects most registered vehicles in Texas. March 1, 2015 may sound like a long way away, but before you know it, it'll be time to kick up your heels and do the new Texas Two Step. TxDMV will be ready, and we want to do whatever we can to make sure you are ready too.

For questions, please contact your TxDMV Regional Service Center. We look forward to working together for a successful launch of "Two Steps, One Sticker."
